DIY HIRE PACKAGES

For couples that have amazing friends, family or venue staff setting up your wedding, booking a hire package with us makes creating a beautiful wedding easy and affordable!

We understand it can be overwhelming to pull together all your ideas from all those Pinterest ideas you've saved, then find all the elements to create a wedding that's every bit as gorgeous as you dream it to be. Let alone work with all the different suppliers, purchase products online and hope to achieve the look you have in mind!

So choosing to book a HIRE PACKAGE with The Event Boutique, means we'll take the stress away and design the look of your day. We'll start by viewing your Pinterest board, and during our consultation discuss your venue, your ideas, discover what you love and have a chat about our packages and all the options we offer. We'll then confirm the cost of your package, and once you've paid a deposit create a shared Pinterest Board to show your personalised concept and all the hire products. We'll provide guidance on what works at your venue, design your ceremony and tablescapes, calculate quantities needed, and provide all the products, along with instructions for setting everything up beautifully.

So for our DIY couples, working with The Event Boutique makes having a beautiful wedding easy and affordable!

And to make it even easier you may choose for us to create your wedding invitations and personalised stationery such as order of service sheets, menus or placecards, and even add our delivery and setup service.

BEAUTIFUL & *romantic* florals

CEREMONY
RECEPTION
INSTALLATIONS
BRIDAL PARTY

We wholeheartedly believe that florals truly bring your wedding to life. And we love creating beautiful, unstructured, tumbling arrangements. Our floral style is feminine, romantic and just a little bit wild...

*dreaming of...garden roses, tumbling bouquets,
suspended installations, floral chandeliers...*

With our hire packages we can also create all your florals...from a garland to attach to your ceremony arch, to venue arrangements and all your bridal party florals....or if florals are where you want to have the biggest impact on your wedding day, we can provide a quote for show-stopping installations.

We source our florals and foliage from a range of local and nationwide growers, and visit small local growers to select the perfect variety and colours for every wedding. So if you love the look of our florals, we'd be thrilled to provide a quote for creating all your wedding florals.

WORDS *of* love

I loved working with Lisa and The Event Boutique to create our wedding. She made our vision come alive and created an incredibly beautiful wedding for us. We loved everything down to the fine detail.

Lisa catered for all our needs and suggested ideas of her own. She put up with the stress we experienced during the wedding process and our last minute changes. We were absolutely blown away with the final result. Walking in as a bride and seeing the room lit up beautifully with everything I had envisioned was such a pleasant surprise.

We both loved working with you and the ideas you suggested were amazing and helped create a unique setting. Our favourite was the mowing design you drew up for the field as that really made the difference to create an intimate designed space.

We were so incredibly happy with how it all turned out. It was a perfect day! Thank you for creating such a beautiful concept.

I was very stressed, and right from our first meeting your communication, relaxed vibe and professionalism gave me the peace of mind I needed to trust you, and our wedding was truly amazing!

All your work made our day so special.

We are both almost speechless with the amazing work you and your team put into creating our wedding.

We can't thank you enough for working with us to bring our dream wedding to life. Leading such busy lives, the fact that you took care of everything was such a relief. And you created such a beautiful environment, we were so impressed with all your attention to detail.
